Chapter 8: Establishing Your Screen Identity. Internet dating, although far from perfect, is becoming the most effective and efficient method of getting introduced to a large number of available singles. In fact, all of your personal information is locked from the start, so only you can see it.

After you set your dating criteria, the site will display possible matches.

Are women who are into it a shell of a human being or misandrist? Unless looks are all that matter to you. You have no idea the BS men go through in online dating.

Just a normal lady who is sick of being. One bad photo can torpedo your chances.

Panicked about sending messages? There's an Incognito mode that lets you be invisible to everyone on the site unless you like or message .
