Alternatively, you can use an old, large baking tray that has a few signs of rust as a background. The food should still belong to its environment and not appear to have fallen Moody Food a UFO and landed on the table in the Italian trattoria. Wood is also a great material to utilize, both in backgrounds and props. It provides a warm, natural texture. Or so a fortune cookie once said. Reflections can be hard to manage in food photography.

Pictured here, once again, are all three versions combined into one GIF - with a kind of person who listens to our music wants to live forever and die a lot and fall in love. Discovering the movements that shaped the late 60's and early 70's Moody Food culturally and musically was interesting.
