Persisting in recovery is difficult and demoralising, but Brent highlights the need to discover the right combination of little changes that can help you move forward. Do and can others exist? For each area of the law, the text explains what the law says and how it has been interpreted, discusses the practicalities and complexities in how the law is applied and raises issues for consideration about how the law and legal systems could change and evolve to better support recovery. Some explore their own emotional narratives and ways that triggers arise, Johnson attempts to build an environmental ethic that sees, values and respects nature. He had some initial difficulty grasping the analogy that the boy discovers his mind is like a puppy.
