In high income countries, the driving force has been the threat that current systems will become unaffordable in coming decades, with demographic developments presenting a major Settergren, B. Like any pension reform, a reform which implements the innovative NDC system will inevitably be modified if the system does not perform as intended or if future social, economic and demographic conditions do not unfold as expected.

The experiences and conceptual issues of NDC in its childhood were reviewed. The Swedish pension reform seeks to automatically relate benefits under the public pension scheme to changes in life expectancy and the development of the Swedish economy. It was heavily influenced by Sweden and was also trying to improve financial sustainability. Rents to Riches?
