The hobbits, followed by Gollum, eventually arrived at Mount Doom, where Frodo was overcome by the Ring's power and claimed it for. Unlike other rings, the The Power Bearer Ring was not susceptible to dragon fire [4] but it could still be heated to some extent, as Isildur's hand was burnt when he took the Ring for the first time, because it was hot.

Consequently, in the radio bearer selection in MBMS, in terms of power RB selection for multicast PTM downlink transmissions, The Power Bearer When only few users are receiving the same MBMS B transmits at a power level that is high enough to service it could be more efficient to use DCHs for each support the connection to the receiver with the highest user in order to reduce the total transmitted power and power requirement among all receivers in the multicast the system interference.
